IN MEMORIAM

Give rest, O Lord, to the souls of Thy departed servants

Exarchate of USA

1938 - 2016

*Do not be afraid;
I am the First and the Last.
I am He who lives.*

Chevaliers, Dames, Ladies

6th of December, the Independence Day of Finland. I am writing this Christmas Greeting on that day, sun is shining, the temperature is minus six degrees centigrade, no wind, a thin layer of snow. We do live like in a paradise.

Unfortunately the world is not so nice in most parts of continents. The war in Syria, millions of refugees, children without any education etc. is a part of present circumstances. So there is need of active caritative work. We know also, that the need of help is present in the developed countries. There are very many young people who have not found their own place in the society. Although the most important part of our Order's work is concerned with the education of African children, we must not forget those who need help in our home countries.

This year the Ordo Sancti Constantini Magni has donated 20 000 euros to the Patriarchate of Alexandria. This donation is a part of the money which is used in Africa in order to prevent illiteracy. It has been asked several times to know exact object of our donation. However, we have to remember that the economical support from the Patriarchate is a totality, and one part of it cannot be identified. I think that the most important fact is that we promote education of young people. This is the only way to get a developing country to a developed country.

The government of Order has discussed the possibility to find new targets for caritative work. One work which have come true is the support to Pakistan. Our Order has given economical support for a mobile health care center in Lahore. It is a very interesting way to promote health care in difficult circumstances. The next step might be some target in our own countries. One possibility is for instance the Salvation Army, which is active in most of those countries where our order is active. The government is very glad if our members will send to us own proposals.

Positive news this year are that we have got quite many new members. Especially the Exarchate of USA has been very active and the new members are younger than the medium of the ages of our other members. Let us hope that other Exarcates and Independent Bailiwicks will be as active as USA.

Finally, I cordially wish a Peaceful Christmas and very Happy New Year to all members of Ordo Sancti Constantini Magni.

Torvo Salmi
Chancellor of the Order

Exarch Vassilios Yannakakos

My career in the Order is long in time, being member since 1986, but not in so many different offices.

When I entered the Order, I joined the Bailiwick of Piraeus, where Bailie was George Haramis, and July 29th, 1989, I became Secretary of the Bailiwick

On March 8, 1990, the Bailiwick of Laconia was established, in which I was the first Bailie.

From November 7, 2005 till October 31, 2007, I was Master of Ceremonies of the Exarchate.

On November 11, 2009, I became Deputy Exarch till May 4, 2016, when I elected and I installed as Exarch.

I was always a strong believer of the Principles of Order and I never acted differently than the Constitution.

I wish to assure the Master and the members of the Government of the Order, that after the “storm” in the Exarchate of Greece, I will try to rebuild it.

Christer Martin-Löf

I as inaugurated in 2001, immediately and since then I've felt an incomparable warmth from my fellow brothers and sisters which has also included my family. That for me has made OCM unique and something worth investing my time in.

Later the same year I was chosen secretary for bailie Ericus Rex, a position I've upheld until earlier this year. From 2004 I've been the bailie representative in the board of Exarchate of Sweden. This made me almost from the start involved in how the Order was run in Sweden both at a national level and from a bailie perspective. Being involved and having the possibility to influence has always been important to me in whatever I'm involving myself in.

At a private level, I have two boys together with my wife who is born in Finland. Thus we travel there frequently to keep the bonds with the older generation. My hobbies are mainly spending time in the archipelago. I'm a keen sailor, running a sailing school for juniors in Stockholm and has also until quite recently been participating in big boat

racing. I'm also interested in history and old things, everything from architecture, antiques and mechanical tools. Further I'm a keen collector of veteran cars, mainly Ford model T, which I both restore and drive with great joy.

Professionally I'm a project management consultant mainly focused on energy and infrastructure projects.

Time is the capital of life, spend it well
